Beneficiaries

- * Disadvantaged populations (low-income families, immigrants, or minorities)
- * Children experiencing poverty, social insecurity, and belonging to minority groups
- * Early socialization in educational settings (ages 2–6)

Goals

- ★ Collaborative work to identify field-based initiatives that support the inclusion of children from vulnerable backgrounds
- ★ Comparative review of practices carried out in three pilot countries: Bulgaria, Lithuania, and France.

concrete

Goals

- ★ Organization of synchronous and asynchronous training sessions
- ★ Dissemination of ressources from **concrete**
- ★ Creation of a **concrete** platform Including multilingual data and analyses of the documented practices

The first months

15

1 → 8 Identifying inter-sectoral initiatives supporting early childhood, especially for children from disadvantaged environments.

- common protocol
- booklet of cross-sector collaborations
- display of the outcomes finalised by the three pilot countries
- survey template transferrable to the whole consortium

7 → 20 Identification of good practices regarding collaboration and co-training

- diagnosis of the needs (children, families) in the three regions of experimentation
- treatment of questionnaire results
- cross-sector good practices guide for the inclusion of disadvantaged children
